WORLD TUBERCULOSIS DAY 2021

Theme: “The clock is Ticking” Convey the sense that the world is running out of time to act on commitment to end TB made by global leaders.”

Introduction

Each year, we are celebrating World Tuberculosis (TB) day on 24th march to raise public awareness about devastating health, social and economic consequences of TB. Each Day, nearly 4000 people lose their lives to TB.

Objective

- Accelerate the end TB response to reach target set in sustainable development goal.
- Diagnose and treat 40 million people with TB by 2022
- Mobilize sufficient and sustainable financing

ACTIVITIES PERFORMED:

- ❖ Skit and Dance

Report

We the students of 3rd year GNM performed a skit on world Tuberculosis day. The skit was performed in Multipurpose Hall. The skit was conducted 20 minutes.

The main purpose of the skit was to provide awareness regarding Tuberculosis day, its causes and how to prevent disease condition in their daily lifestyle. We had introduced a person who was affected by tuberculosis and was having a disturbed lifestyle and was not able to give a people attention and care towards their responsibility. Through this skit we provide information's regarding how other sedentary life style can affect the normal health status of a person and how it can be prevented by them.

CONCLUSION:

We concluded the skit by the awareness on the disease condition and also danced on the song for awareness of the causes, signs and symptoms and its prevention of the Tuberculosis.

We express our gratitude towards our principal Sr Nives for giving us this opportunity. And also we thank Mrs. Merlin Ma'am for her support and guidance.
